DETAILED ACTION

Amendment filed on December 2, 2003 has been entered. Claims 38-55 are pending. Any rejection that is not addressed in this Office Action is considered obviated in view of the amendments.

Double Patenting

1. Claims 38-55 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-20 of US Patent 6,454,738. Although the conflicting claims are not identical, they are not patentably distinct from each other because both the patented claims and the instant pending claims are directed to compositions comprising a biocompatible polymer, a biocompatible contrast agent and a biocompatible solvent. Accordingly, the pending claims are obvious variants of the patented claims.
2. Applicant's intention to file a terminal disclosure is noted.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
